

# Parent Notification of Interventions

Date:

To the parents of

The Ware County School System wants to make sure all students are successful. Students are screened regularly to check their progress.

When the screening indicates a student may be having problems, the student is referred to the Response-to-Intervention (RtI) Team to develop a plan to help the student improve his/her performance.

Recent screening indicated your child may need additional support. Interventions to address these concerns will begin

We want you to know what we are doing to help your child, so to keep you informed, please review the attached Meeting Minutes with recommendations for intervention or review the recommendations suggested in this letter.

If you want more information, please call your child's school at \_\_\_\_\_ to talk to your child's teacher or the SST/RtI Coordinator.

Sincerely,

\_\_\_\_\_  
RTI/SST Coordinator
